Subject: RE: Permission To Distribute Tcl/Tk Windows Help File

Go ahead and do with it what you please. It falls under the BSD like the rest.
You may need to keep a copyright around.

Jeff

As far as I know, this is not a problem (although I am no expert in licensing).

Jeff can probably speak with more certainty, but if you look at the 'license.terms' that ships with tcl I believe it is pretty clear that what you propose is alright.
